

TRANSFORMING
YOUNG LEARNERS INTO
**CONFIDENT
LEADERS**

English Enrichment Program

3.5 – 14 YEARS

Phonics

- The first scientifically designed phonics program for Indian students
- Build strong reading and spelling skills
- Pure phonics-based curriculum with a structured, step-by-step method

Grammar

- 150+ complex concepts simplified into easy-to-understand units
- Topic reinforcement with teacher-led guided practice
- Independent practice for true mastery, without rote-learning

Helping children learn to think
and communicate ideas in English

From ABCs to a Confident Communicator in 8 Levels

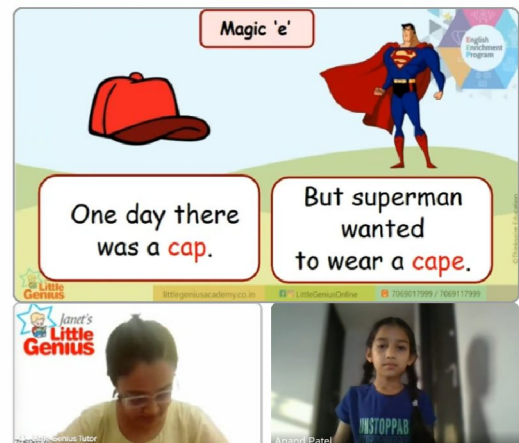

Vocabulary & Creative Writing

- 25+ types of creative writing to build imagination and clarity
- 300+ new words added to the students' vocabulary each year
- Expand vocabulary with guided reading, and apply it in creative writing exercises

Public Speaking and Communication

- An English-rich environment to develop strong communication skills
- Public speaking exercises to build confidence
- Learn to think in English, not just speak it

Olympiad Training

- Dedicated sessions for focused preparation
- Hand picked questions for practice in class and at home
- Strategies and quick tricks for competitive skills

3.5 – 8 YEARS

Learn to Read with Pure Phonics

Pure Phonics

Children learn to read and spell accurately using a science-backed Phonics method that uses a whole-sound approach

Phonemic Awareness

Fun sound-based activities help children hear, identify, and manipulate sounds, making reading smoother and more confident

Reading and Comprehension Skills

Story-led learning strengthens understanding, vocabulary, and imagination, ensuring children meet key milestones before advancing

At Little Genius, we don't just teach reading. We help your child connect sounds to words, understand stories deeply, and build lifelong confidence in the language.

Phonic Sounds

Reading Stamina

Tricky Spellings

Math World

3.5 – 14 YEARS
